MODULAR METAL FABRICATORS INC.

Modular Metal Fabricators, Inc. established in 1970, specializes in supplying high quality, competitively priced, sheet metal fittings and duct work to the heating, ventilation, air conditioning and roofing industries. Low overhead levels and high volume production methods are used to maintain a high level of customer service. Most standard sizes used in residential applications are stocked at the factory to keep delivery lead time to a minimum. While this catalogue accurately represents the standard product line, MMF, Inc. has a great amount of manufacturing versatility. If you don't see it -- Ask.

Modular Metal Fabricators, Inc. reserves the right to change the sizes it stocks as manufacturing or packaging procedures improve.

Buyer assumes the responsibility for the acceptance of this material at ordinance levels, as codes and specifications can vary in different localities. All products are F.O.B. factory unless specified otherwise.

Claims for shortages or damaged materials must be submitted to MMF, Inc. shipping department within 48 hours of receipt of material. Non stock merchandise is not returnable. Requests for return of stock merchandise must be approved by Modular Metal Fabricators, Inc. in advance. All returns are subject to 15% re-stocking charge.

All prices, terms and delivery lead times are subject to change without notice.

For products not shown in this catalogue call for quote. Orders for non-stock products may be subject to a \$25.00 net pattern charge.

MMF, INC. GAUGE STANDARD

UNLESS OTHERWISE SPECIFIED:

4" THROUGH 12"	30 GAUGE
14" THROUGH 18"	28 GAUGE
20"	26 GAUGE
22" THROUGH 26"	24 GAUGE

Non-stock items require either 5 or 7 working days depending upon item ordered.

Please call for price quotes
on gauges not shown in the
catalog.

MODULAR METAL FABRICATORS INC.

Our valued customer:

Thank you for your interest in our HVAC and roofing products. We are a manufacturer of heating/air conditioning pipe, fittings and roofing products for the HVAC and roofing industry for over 30 years.

As a customer of Modular Metals, you are assured of quality service and quality fittings. Our flexible aluminum pipes, both standard and compressed, are UL LISTED.

Our Modular Flex Duct is also UL LISTED. We have enclosed information that you will find invaluable in ordering our products.

Our helpful personnel will direct you to the person best suited to assist you with your individual need, whether it is placing orders, when your load will arrive, or pricing not shown in our catalogue.

We manufacture many products not shown in our current catalogue. Most of our products are manufactured in 30 through 22 gauge. Our lead time is 3-5 working days for stock, 5-7 working days for non stock, depending on the products.

Should you need an item not shown in our catalogue, please call us, and we will be happy to price this item(s) for you. We are here to serve you in a manner in which you will have the product on your shelf, when your customer needs it.

Our standard terms are net 30. Please call us for your freight terms. Our will call/freight allowance is 3%.

We offer a unique service to you, the customer, in that you can mix various types of products. We do not insist that you order a certain amount of flex to get the competitive pricing we offer, as long as you meet your freight terms in net dollars with mix loads. We are loyal to our customers. We ask that our customers be loyal to us in return, and purchase as many products from us as they can.

We feel, with this program, that you have the opportunity of keeping your inventory at the level needed to service your accounts, and get faster turns on your inventory -- which is what we all strive for.

Again thank you, and we are looking forward to a successful business relationship for both of us. Do not hesitate to call at any time.

Thank You,

MMF, Inc.

7/1/09

MODULAR METAL FABRICATORS INC.

CONDITIONS OF SALE

1. All prices, unless otherwise stated/arranged with Modular Metal Fabricators, Inc. are F.O.B. factory.
2. Packaging standards are set by Modular Metal Fabricators, Inc., unless otherwise stated/arranged/verified by Modular Metal Fabricators, Inc.
3. MMF, Inc. reserves the right to change, improve or modify its products at anytime, and reserves the right to make changes in its catalogue/pricing without prior notice.
4. Special orders (non-stock) cannot be canceled after manufacturing begins.
5. Stock orders canceled will be at no charge, providing the material has not been staged, loaded or delivered. Cancellation after stock orders have been staged, loaded or delivered, are subject to a 15% restocking charge.

DAMAGED / SHORTAGE OF PRODUCTS

1. Damaged/shortage of products must be reported to MMF, Inc. immediately upon receipt of product.
2. Freight damage/shortage of product will not constitute right for buyer to withhold payment from Modular Metal Fabricators, Inc.

ADDITIONS / MINOR CHANGES TO PRODUCTION STOCK ORDERS

1. Changes or additions can be made to the original order, within 24 hours, but may cause a delay to the original order. Changes or additions made after 24 hours, may result in re-scheduling the delivery of the order, by MMF, Inc..

C.O.D. POLICY

1. C.O.D. orders for non stock products must be paid in full prior to production. If delivery is made and payment is not received by driver prior to unloading of products, order will be subject to re-delivery charges at \$1.50 per mile round trip.

7/1/09

MODULAR METAL FABRICATORS INC.

ACCEPTANCE OF ORDERS / SHIPMENT

1. Acceptance of orders/ shipments of product is subject to approval of Modular Metal Fabricators' credit department. MMF, Inc. will not be liable for any delay in the shipment of product by causes beyond its control.
2. Buyer must provide adequate storage for material. Buyer assumes responsibility for any loss of material/damage and or theft once it has been delivered to said buyer.

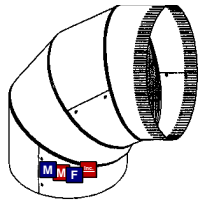

Claims for damage or shortages.

Claims for shortages or damaged materials must be submitted to MMF, Inc. shipping department within 48 hours of receipt of material. Non stock merchandise is not returnable. Requests for return of stock merchandise must be approved by Modular Metal Fabricators, Inc. in advance. All returns are subject to 15% re-stocking charge.

PRODUCT SPECIFICATIONS

MODULAR METAL FABRICATORS INC.

M-Filter Bases

DESCRIPTION:

M-Filter Bases are manufactured by Modular Metal Fabricators out of galvanized sheet metal to precise dimensions for the residential and light commercial HVAC market.

M-Filter Bases allow for convenient changing of filters without removing furnace door by homeowners on a regular basis. These bases are used in up-flow, down-flow, and horizontal applications and are designed to accommodate a variety of filters. All Filter Bases have fully gasketed doors and spring loaded hinges.

MODULAR METAL FABRICATORS INC.

Black UV Nylon Duct Clamp

For clamping Flexible Air Ducts and securing other HVAC components.

- High Strength**
 Rated at 175-lb. minimum loop tensile strength. Designed to meet or exceed government designation Standards, where applicable. Actual test values exceed rated strength.
- Large Diameters**
 MDCV10-50 Clamp accommodates diameters up to 10".
 MDVC14-50 Clamp accommodates diameters up to 14".
 Clamps may be joined together for larger diameters.
- Clamping Flexible Duct (HVAC)**
 The larger sizes are for clamping connections, of flexible high or low-pressure HVAC duct, in heating and air conditioning applications. Secure, tightly clamped joints can be achieved easier and faster than with metal bands. Nylon clamps also cost less than metal bands and they eliminate the hazards of sharp metal edges. Nylon clamps may also be used to secure insulation to duct and to bundle cables.
- Material Specifications**
 All heavy-duty duct clamps are molded from Industrial Grade Type 6/6 black nylon. This nylon meets UL 94V-2 Flammability Classification. It's normal usage temperature range is -40° Fahrenheit (-40° Centigrade) to 185° Fahrenheit (85° Centigrade).

Duct Clamps are approved for clamping most types of flexible air ducts. These products meet or exceed U.L. 181 Class 1 standards. For indoor use only.

Self locking.
One piece design head.

EASY TO USE - One-piece, self locking, adjustable design, with no metal parts.

List price per bag. Bag quantity 50 each. Case quantity 500 each.

MODULAR METAL FABRICATORS INC.

Specifications for Sheet Metal Spin-ins

Low pressure sheet metal fittings used for round take offs from rectangular ducts. A fast positive installation that is available in a wide range of types and sizes.

Extractor is factory installed. Damper is spring loaded with retractable bearing and locking regulator. Construction is prime galvanized steel. All fittings are Union made and labeled. Fiberglass guard available on request.

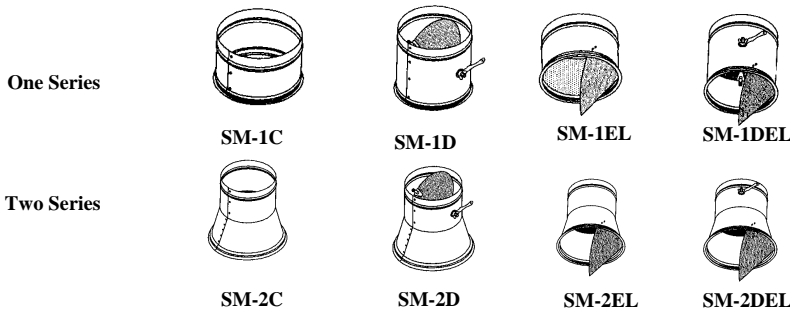

We do not recommend that holes be cut in duct until you have your Spin-ins, or call MMF, inc. for hole size. Call for sizes and gauges not shown.
