

PRODUCT SPECIFICATIONS

Spotwelded Segmented Elbows

MODULAR METAL FABRICATORS INC.

DESCRIPTION

Modular Metal's Spotwelded Segmented Elbows both 90° and 45° are manufactured using a spotwelded RL-2 lap. The resulting smooth inside reduces frictional loss.

Sizes range from 6" to 48" in a variety of gauges. Our round capacity has you covered. Products can be ordered in 1 1/2 x radius and standard radius nominal and undersized.

Long Radius 90° (1 1/2 x radius)

Long Radius 45° (1 1/2 x radius)
